

# Eon (Remix by Paul Udarov)

## Celldweller

I'm pushing, I'm pushing  
I'm pushing through  
I'm pushing through face  
I'm pushing through facedown I'm pushing through facedown I'm pacing inside this empty room  
Told to wait till my life's withdrawn  
Uneasy, I'm waiting here anxiously  
It's a waste and I won't wait another Eon Endless night  
Long for light  
My head against this tomb  
And pushing through  
I'm pushing through  
Facedown and pushing through Trapped and isolated  
Time is dislocated  
Eternity is what a moment seems  
When I can't feel anything Erasing my final memories  
They won't stop till my whole life's gone  
Uneasy, I wait for normality  
It's a waste and I won't wait another Eon Endless night  
Long for light  
My head against this tomb  
And pushing through  
I'm pushing through  
Facedown and pushing through Trapped and isolated  
Time is dislocated  
Eternity is what a moment seems  
When I can't feel anything When life is gone without a trace  
And hope is lost in time's embrace  
I won't wait or hesitate; 'cause I'm pushing through facedown  
I won't wait or hesitate; 'cause I'm pushing through If time's a song, I won't wait for its reprise  
I am done wishing farewells and goodbyes  
I won't let this place overshadow my birthright  
I won't wait another Eon Impatiently  
Impatiently I'm cutting through the earth in front of me  
Bone on stone, blood and sweat married  
Can't hear the voice that whispers fears when my heart is pounding in my ears  
All I see in my mind is not what I've left behind  
But all the things I've been missing in that lost Eon Endless night  
Long for light  
My head against this tomb

And pushing through Trapped and isolated  
Time is dislocated  
Eternity is what a moment seems  
When I am lost inside this dream  
When I can't speak and I can't scream  
And I can't feel anything
