## **Blue Monday**

## **Fats Domino**

Blue Monday how I hate blue Monday Gotta work like a slave all day Here comes Tuesday oh Tuesday I'm so tired I've no time to play Here comes Wednesday I'll be to myself My world's poor by the time that I'm up But then it's a hard workin' day But I gotta get my paySaturday mornin' Oh Saturday mornin' All my time has kept goin' away I got my money and my honey And I'm gonna stay to play Sunday mornin' my head is bad Was it worth, for the time that I've had? But I got to get my rest Because Monday is a messSaturday mornin' Oh Saturday mornin' All my time has kept goin' away I got my money and my honey And I'm gonna stay to play Sunday mornin' my head is bad Was it worth it for the time that I've had? But I got to get my rest Because Monday is a mess
