And you a sucka and I rock

I'm draped in my army fatigues blowing on green trees

In the Navigator and keep the heat for them paper hatasKill, kill, kill, murda, murda, murda

Ain't nut'in personal tru you see it's all about respect
Kill, kill, kill, murda, murda, murda
I'm never got slippin', keep my heat on the dash
Kill, kill, kill, murda, murda, murda
Ain't nut'in personal tru you see it's all about respect
Kill, kill, kill, murda, murda, murda
I'm never got slippin', keep my heat on the dash
Now look at murda, murda, murda and this kill, kill, kill
Shit's real, stay strapped with capped, do get pealed
And mama always told me if you ain't down to ride with God
Down to die with God you ain't no mother fucking soldier
No limit datted on my back and my stomach
'Cuz I'm a mother fucking fool, uh, show me love
'Cuz when I make music with thugs, I make moves
Told you I was coming out hard I was coming out large
Seen this guy named Van I bring the pain 'em
Everybody coming out stars
See now me, C, and Snoop in da coupe
Conversatin' about loop
I told niggas rap shit isn't bad, I blast 'em 'fore I ask 'em, I shoot
Just a young nigga 'bout raising hell and makin' mail
You a trip I told you I was doing this shit on bail, it's cool
Back up nigga, can't flame that shit like drugs
And see I'm a nigga, I'm gonna hang like a nigga
Bang that shit like it was crips and bloods
Now deal weed nigga strapped up in my fatigue can't hold me down
Don't even trip my nigga Snoop if you a soldier now
Do what ya think bitch
For this tank bitch I stay quick and work
And I got no limit scattered on my fucking forehead
That's why I do so much dirt
Kill, kill, kill, murda, murda, murda
Ain't nut'in personal tru you see it's all about respect
Kill, kill, kill, murda, murda, murda
I'm never caught slippin', keep my heat on the dash
Kill, kill, kill
