Landslide

The Butterfly Effect

The paths we choose
The chance to change
We turn our backs against the waves
And if we seek
Hope to find
Someone out there, somewhere left behind
Caught in a landslide
Caught in a landslide
Caught in a landslide over me
I wanna go outside
I wanna go outside
I wanna go outside and see
Your light is so bright
But too far away, far away
Too far away to see
Sometimes we?re so blind
That we run away, run away
Don?t run away from here
When we go, we go alone
We turn our backs against our own
Though we seek and hope to find
The answers out there, somewhere left behind

Caught in a landslide
Caught in a landslide
Caught in a landslide over me
I wanna go outside
I wanna go outside
I wanna go outside and see
Your light is so bright
But too far away, far away
Too far away to see
Sometimes we?re so blind
That we run away, run away
Don?t run away from here
Caught in a landslide
I wanna go outside and see
Your light is so bright
But too far away, too far away from

Too far away to see
Sometimes we?re so blind
That we run away, we run away from
Sometimes
