

Maybe (Braithouse Remix)

Brainstorm

You say.
My body, my hand
My heaven, my land
My guardian angel is mine You say - my dreams, my head
My sex, my bed
And it's my corona with lime And then I say .
Maybe we could divide it in two
Maybe my animals live in your zoo
Maybe I'm in love with you You say...
My hate, my frown
My kingdom, my crown
My palace and court is mine
You say...
My lights, my show
My years to grow
The time that I spend is fine And then I say ...
Maybe we could divide it in two
Maybe my animals live in your zoo
Maybe I'm in love with you But you say my coat, my hat
My bones, my fat
My zipper is shut by me You say...
My skin, my blood
My devil, my god
My freedom is what you see
But still I say
Maybe we could divide it in two
Maybe my animals live in your zoo
Maybe I'm in love with you My beginning, my end
My nuclear bomb to pretend.
