

Angel

Richgirl

Brave:

Bump it up, bump it up, bump it up, let's go!

(Is the system overload)

Bump it up, bump it up, bump it up, let's go!

(Don't hold back, let's lose control)

Bump it up, bump it up, bump it up, let's go!

(Get me into sexy mode)

Bump it up, bump it up, bump it up, let's go!

(We get it rolling!)pre-chorus:

Se7en:

We say we roll, we say we roll,

We're like the big wheels

We say we die, we said we die

If we can rock ill!

We lit the fire, we lit the fire,

We gotta smoke it

I'm maybe a lady, but you should knowchorus: (x2)

Audra:

Don't call me an angel!

Don't call me an angel!

We got heavenly wings,

But devilish eyes

And angel in disguise!Brave:

Bump it up, bump it up, bump it up, let's go!

(Keep it popping, watch the show)

Bump it up, bump it up, bump it up, let's go!

(Twit the speakers till they blow)

(Get me into sexy mode)

Bump it up, bump it up, bump it up, let's go!
