

# Let It Bump

Missy Elliott

Gotta cut the music up, man  
Gotta cut the music up, man I'm-I'm-I'm Mi-Mi-Missy, radio play me all the time  
Write my own rhymes and I swear I'm fly  
This flow here form eighty-three  
From A to Z ,you can't fuck with me  
Me and Timbaland, man, I'll be damn Remember when Lyte was in love wit Sam  
I used to be in love wit this guy name Sam  
But to me oh my gosh he was one in a million  
I came through 'cause I rock the show  
Wack MC's get kicked in the throat  
Keep on sleepin' 'cause you think I'm a joke(Let it bump)  
I'm Missy  
I'm-I'm-I'm Missy  
(Let it bump)  
(Let it bump)  
I'm Missy  
I'm Missy on the microphone I'm I'm Missy  
I'm-I'm-I'm Missy  
(Let it bump)  
(Let it bump)  
I'm Missy  
I'm Missy on the microphone I'm Missy on the microphone  
I'm stupid fresh that's the shit I'm on, come on  
Sucker MC's come new in the game  
Swear ya hip-hop you just a new jack swing  
Remember when Shantay was live on stage  
Shantay was live on stage  
Let me back that shit up for ya, for ya no hip-hoppers I'm Missy on the microphone  
I'm stupid fresh that's the shit I'm on  
Sucker MC's come new in the game  
Swear ya hip-hop but don't know Daddy Kane  
This time Missy rhyme crazy though  
Haters wanna know my antidote  
Try to catch up 'cause ya mind is slow(Let it bump)  
I'm Missy  
(Let it bump)  
I'm Missy  
(Let it bump)  
I'm Missy

I'm Missy on the microphone I'm Missy  
I'm-I'm-I'm Missy  
(Let it bump)  
(Let it bump)  
I'm Missy  
I'm Missy on the microphone Me and Timba-Timba-Timba-Timba Timbaland  
Me and Timbaland, man, I'll be damn  
(Cut, cut, cut-cu-cu, cut the music up, man)  
(Cut, cut, cut-cu-cu, cut the music up, man) Me and Missy come fresh on tracks  
Five albums deep can ya handle that  
We came from the basement to platinum plaques  
We sittin' on something this black on black  
Jimmy Dean, he's the engineer  
A nigga been down for about ten years  
Fixin' that stuff to make it sound so clear (Let it bump)  
I'm Missy  
(Let it bump)  
I'm Missy  
(Let it bump)  
I'm Missy  
I'm Missy on the microphone I'm Missy  
I'm-I'm-I'm Missy  
(Let it bump)  
(Let it bump)  
I'm Missy  
I'm Missy on the microphone
