

Home Sweet Home

[Samiam](#)

In separate rooms
I hear them screaming through the walls
I'm locked away, home sweet home
Listening to the vicious things they say
You hate yourselves, home sweet home You hate your children
'Cause they act so much like you
You hate your children
'Cause they act so much like you do
You hate each other too, you hate each other too There's too much love for me in this house
Let me go, home sweet home
There's too much love for me in this house
Leave me out, home sweet home You hate your children
'Cause they act so much like you
You hate your children
'Cause they act so much like you do
You hate each other too, you hate each other too Let me go
Let me go There's too much love for me in this house
Let me go, home sweet home
There's too much love for me in this house
Let me go, home sweet home
