# By The Time You Read This

## Unfinished Thought

By The Time You Read This
I Will Be Light Years Away
High Pressure Is Building
Compressing Calm I Leave Today
To Live The Rest Of My Days
In A Chemical Haze
Where The Only Problems I Face
Are Those That Give Chase
Site Seeing Parallels
I Was Always Meaning To Erase
It's An Ending I Want

I Don't Care If It's Happy
I'm Just Happy It Is There
Wishing I Had Sometimes
Been More In The Way
Of Myself Being Paralyzed
From The Look On Your Face
It's An Ending I Want
I Don't Care If It's Happy
I'm Just Happy It Is There
