

# You Shook Me

## Jimmy Page & The Black Crowes

You know you shook me,  
you shook me all night long  
You know you shook me, pretty mama,  
you shook me all night long  
Oh, you kept on shakin' me darlin',  
oh you messed up my happy home  
You know you move me baby,  
just like a hurricane  
You know you move me baby,  
just like a hurricane  
Oh, you know you move me darling,  
  
just like an earthquake moves the land  
Oh, sometimes I wonder what's gonna happen  
To my poor wife and child  
She made me love her  
Now I can't be satisfied  
You know you shook me, you shook me all night long  
You know you shook me, pretty mama,  
you shook me all night long  
Oh, you kept on shakin' me darlin',  
oh, you messed up my happy home
