Superstar in France

Lambchop

You're a superstar in France
You've got everything I want
You've got all those quirky girls
I was born to change the stationPretty soon the dream is over
Pretty soon the dream is over
Pretty soon the dream is over
Pretty soonYou're a superstar in France
And I was born to take vacations
Don't you ever want to die?
Don't you think we should be together?Pretty soon the dream is over
Pretty soon the dream is over
Pretty soon the dream is over
Pretty soon
