Six pretty be in dub and I step up in this spot to show me love[Pre Hook & Hook][Verse 3: B.o.B]

Walking in the building feeling like I'm on the building
When we pull up to the front it's like all the auto dealer
Shipping something up the nature blowing blowing get the table
Please stop blowing my buzz I'm trying to ball the mother nature
All you haters so played out y'all so 999
I'm so he say even now you know you can't find me..
And all my passion forward just to go around
I got that lazy boy salary my pocket stay over cloud
Everybody get down I'm throwing six out

Matter of sayin I don't roll the six pounds and blow that shit down
Matter of sayin if looks could kill she have the pistol in her purse
Once of the dawn..like ring she not..I get down[Pre-Hook & Hook]
