Max Styler

let me down  
dont have to tell me how this ends up  
you know far to much to leave now  
dont make me say  
im the reason that your leavin  
what the hell do i believe in  
but you know its gonna kill me  
so baby break my fall before you leave  
before you leave oh no  
oh this time ive been chasin  
a love that you and only i can see
