

Blue Christmas

Brooks & Dunn

I'll have a blue Christmas without you
I'll be so blue just thinking about you
Decorations of red on a green Christmas tree
Won't be the same dear, if you're not here with me
And when the blue snowflakes start falling
When those blue melodies start calling
You'll be doing alright with your Christmas of white
Now I'll have a blue, blue Christmas
I'll have a blue Christmas
I'll have a blue Christmas that's certain
And when that blue heartaches start hurtin'
You'll be doing alright with your Christmas of white
Now I'll have a blue, blue Christmas
