

The Greatest Story Never Told

Saigon

You won't find it in the pages of a book
It's bein' written everyday, just take a look
She's the first one there when you need a friend
She'll stand by you till the end You won't see her on the silver screen
Or on the cover of a latest magazine
A treasure more precious than diamonds and gold
She's beautiful to behold, she's the greatest story never told Though often I noticed all the little things she does
She's an angel sent down from heaven above
I love the way she gives her heart and soul
She's beautiful to behold, she's the greatest story never told I could search the world and I would never find
A love like hers, she's one of a kind
She never hears it, so it's time she knows
And God I love her so, she's the greatest story never told Though often I noticed all the little things she does
She's an angel sent down from heaven above
I love the way she gives her heart and soul
She's beautiful to behold, she's the greatest story
The greatest story never told
