

# Mad At You

## Why Don't We

YeahSitting on the stage  
You're just standing by the front door  
I don't even remember what we were fighting for  
Tryin' to cut the tension  
But you blow it with your sentence  
I just wanna end it every timeYou just take me to the edge  
You pull me back again  
You messin' with my head  
You  
Don't matter what you do  
Don't matter what you say  
I'm lyin' here with you  
And baby I can't stay  
You say you're done with me  
I swear that I'm done too  
And then I try to leave  
But baby I just can't stay mad at youMad at you  
Mad at you  
Oh baby I just can't stay madIn the morning when we wake up (wake up)  
I threw another fake break up (break up ooh ooh)  
I don't even remember what we were fighting for  
We're always laughing  
With some crying in between but  
Girl, our love is tangled up between the sheets (okay)  
(Sheets, oh)  
You just take me to the edge  
You pull me back again  
You messin' with my head  
YouDon't matter what you do  
Don't matter what you say (you say)  
I'm lyin' here with you  
And baby I can't stay (yeah yeah)  
You say you're done with me (done with me)  
I swear that I'm done too  
And then I try to leave (then I try to leave)  
But baby I just can't stay mad at youMad at you (Mad at you)  
Mad at you  
Oh baby I just can't stay mad at you (stay mad at you)  
Mad at you

Mad at you  
Oh baby I just can't stay mad (can't stay mad) You just take me to the edge  
You pull me back again (pull me back)  
You messin' with my head  
You  
You just leave me in the dark  
You wished for where you are (where you are, where you are)  
You're messin' up my heart (oh)  
It ain't you Don't matter what you do  
Don't matter what you say  
I'm lyin' here with you  
And baby I just can't stay mad at you Mad at you  
Mad at you  
Oh baby I just can't stay mad at you (you)  
Mad at you  
Mad at you  
Oh baby I just can't stay mad
