

I Got Luv 4 Ya

Timbaland & Magoo

Yeah, uh huh, yeah, huh
It's Tim and Maganoo again, uh
It's Tim and Maganoo again, ah ah
It's Tim and Maganoo again, let me talk to ya I remember those days when I was holdin' back
When Star Crunch was a popular snack
Would you buy you that? Sneak the rest in my nuts
You know that Johnny Appleseed and that frozen cup We grew up but ain't you sister Jean cousin, cousin
Just 'cause we older that don't mean nothin', nothin'
We still could hit the beacon, a couple of Bible meetings
Live right just like the deacons and backslide on the weekend Now things change, not just your new love
See you never used to trip off material stuff
So I ain't mad at dude 'cause he rimmed up his truck
Just mad at you, you clumsy klutz And it's no surprise how I'm feelin' inside
So the only thing you ever probably did for my eye
Used to tears in the bucket, I hope you dummies loved it
Although it's over, you still my soldier, my soldier 'Cause I got luv 4 ya, can I get a hug from ya?
I'm not tryna point the finger and judge ya
'Cause I make mistakes like you, I forgive ya boo
You can keep the things that I brought ya
I'm not tryna play correctional officer
I'm just tryna take them burdens off of ya
'Cause I make mistakes like you, I forgive ya boo I first met ya at the strip club
Instead of one, had to give ya two dubs
Right from sight baby, I was past love
It must be the fact, opposites attract Do the addition, it's a one on one thing and I'm a lace you with bling
'Cause the way you make me feel is an incredible thing
But you had to hurt me, made love to my best friend
But just like Chucky, I'ma stay 'til the very end On top of that, you was usin' crack and cocaine
You had oomph, had to throw my towel in mayne
I can't judge 'cause I cheated, you ain't hold no grudge
I had a child with her, baby it's warm in love Then Christmas Eve, we was playin' two hand spades
You rolled on up, Ace I'm sorry but I have AIDS
But I'ma ride with you until your death
And I'ma stay by your side, last heartbeat, last breath 'Cause I got luv 4 ya, can I get a hug from ya?
I'm not tryna point the finger and judge ya
'Cause I make mistakes like you, I forgive ya boo
You can keep the things that I brought ya
I'm not tryna play correctional officer
I'm just tryna take them burdens off of ya

'Cause I make mistakes like you, I forgive ya boo I hope ya forgive me too, uh
I hope ya forgive me too, too, uh
I hope ya forgive me too, too
Be adults about the situation baby, c'mon 'Cause I got luv 4 ya, can I get a hug from ya?
I'm not tryna point the finger and judge ya
'Cause I make mistakes like you, I forgive ya boo
You can keep the things that I brought ya
I'm not tryna play correctional officer
I'm just tryna take them burdens off of ya
'Cause I make mistakes like you, I forgive ya boo Can I? Go head, uh uh I hope ya forgive me too, uh
I hope ya forgive me too, too, uh
I hope ya forgive me too, too
Two wrongs don't make a right, girl, uh
Two wrongs don't make a right, girl Ooh ooh, let's ride out, let me talk to 'em
Let me talk about it, Heavy T, ooh we right, we out
