Get Together

Big Mountain

You gotta get togetherLove is but a song we'll sing and feels the way we die
You can make the mountains ring or making just cry
Though the bird is on the wing and you may not know whyC'mon people, now
Smile on your brother
Everybody get together
Try to love one another right nowSome will come and some will go and we shall surely pass
When the one that left us here returns for us at last
We have but a moments on life fading in the grassC'mon people, now
Smile on your brother
Everybody get together
Try to love one another right nowC'mon people, now
Smile on your brother
Everybody get together
Try to love one another right nowWanna grab all your friend
Nothing for deal and is just for makingLive in this situation, must forward in this generation
Seek the truth in your heart, in your mind
Do what's right and you shall fight
There's a universal family, peace, my brothers and my sistersC'mon people, now
Smile on your brother
Everybody get together
Try to love one another right nowIf you hear the song I sing you will understand
(Listen)
You hold the key to love and fear all in your trembling hand
Just when key unlocks them both it's there at your commandC'mon people, now
Smile on your brother
Everybody get together
Try to love one another right nowC'mon people, now
Smile on your brother
Everybody get together
Try to love one another right now, right now, right now
