Relax Ya Mind

Warren G

It's that nigga GZ, Whee-Z back for the 9C
I ex sippin' on the yak, so people wanna know what's next
Ain't nuthin' changed, another day a new time
With this uptempo beat with the G-Funk rhyme
Regulatin' state to state, coast to coast
It's all about the call of greens, yak, let's toast
'Cuz it's a ballin' society
I try to be the dopest I can be in this industry
But you don't hear me
I think ya betta, I think ya betta
'Cuz when I get it goin' on I ain't gonna let up
I set up the G-Funk family
And we funkin' up the industry until eternity
It's alright with you if it's alright with me
We'll get down to the sounds of the LBC
Relax ya mind, ya mind, ya mind
Relax ya mind and let your conscious be freein' you down
To the sounds of the Warren G
Relax ya mind, ya mind, ya mind
Relax ya mind and let your conscious be freein' you down
To the sounds of the Warren G
It ain't easy bein' GZ
But the lifestyle I chose, the status to which I rose
The doors I open, I'm loccin', I'm scopin'
Through the eyes of the G Child
I see many try to duplicate the LBC style
But it ain't even happenin' like that
It was time I had to make a comeback and get mine
You know I'm genuine
Been in motion with the potion with snoop since 89
Devotion is the key for me so
Relax ya mind and let your conscious be free
The homey just touched down, foolin' wit a pound
Put yo gun down, so you can walk a safe ground
Relax ya mind, ya mind, ya mind
Relax ya mind and let your conscious be freein' you down
To the sounds of the Warren G
Relax ya mind, ya mind, ya mind
Relax ya mind and let your conscious be freein' you down

To the sounds of the Warren G
I know it's been hard on you for about two
So, I had to relax ya mind
I thought you knew ain't nothin' but a long beach party
With yo hands in the air, with the twist of coke and Bacardi
All the homeys around and the slingshot T-shirts
Skirts wit the baby fat it'll work
Pass me the indosmoke and get locked
From the beach to the bay, makin' them sway
Like the ocean in motion, we coastin'
Relax ya mind and keep floatin', floatin', floatin', floatin'
And walk a safe ground
Relax ya mind, ya mind, ya mind
Relax ya mind and let your conscious be freein' you down
To the sounds of the Warren G
Relax ya mind, ya mind, ya mind
Relax ya mind and let your conscious be freein' you down
To the sounds of the Warren G
Relax ya mind, ya mind, ya mind
Relax ya mind and let your conscious be freein' you down
To the sounds of the Warren G
Relax ya mind, ya mind, ya mind
Relax ya mind and let your conscious be freein' you down
To the sounds of the Warren G
Relax ya mind, ya mind, ya mind
Relax ya mind and let your conscious be freein' you down
To the sounds of the Warren G
