

# Say No (feat. Problem)

**Eric Bellinger**

I've never seen you around  
Could you be new in town  
Tell me would you like it  
If I laid your body down  
I'm sure that you got a man  
But he ain't with you now  
So I know you know a stop to go down, down(Bridge: Eric Bellinger)  
If it's alright, we can be out  
All night, till the sun's out  
In the morning girl I swear that I'ma change  
I'ma quit the game  
But till then I'ma play(Eric Bellinger) x2  
Every time I try to get my act together  
She be saying she can't find nobody better  
Sometimes I swear I wish I never met her  
Everywhere that I go  
I be tryin' to say no  
(2: Problem)  
All these girlies they love me  
All these girlies they love me  
You would think it's 'cause the money  
Why these bitches wanna fuck me  
But that ain't all it, nah  
'Cause I know my thing when I'm in it  
High as zippy then I kiss it  
Have it banging in minutes  
Like booyah! wow!  
Your love is all everywhere  
I see your water keep on flowing  
Please somebody put a levi there  
Cause shifts overflowin' I'm goin' deep like the loin  
You want me come to your house  
I'ma take that ride like I'm towing, come on  
(Eric Bellinger) x2  
Every time I try to get my act together  
She be saying she can't find somebody better  
Sometimes I swear I wish I never met her  
Everywhere that I go  
I be tryin' to say no(3: Eric Bellinger)

I be tryin' to be faithful  
But it's like they know just when to call  
When I hit the road, at the same time and they blowin up my phone  
Can't be faithful when there's so much love over there  
I be trying to play fair  
My boys they be sayin' beware  
'Cause they know  
It's hard to leave the trouble alone  
They know  
But I don't pay 'em no mind at all  
So let's go(Eric Bellinger) x2  
Every time I try to get my act together  
She be saying she can't find somebody better  
Sometimes I swear I wish I never met her  
Everywhere that I go  
I be tryin' to say no
