

To Turn You On (Disco Pusher Remix)

Roxy Music

I could show you in a word
If I wanted to
A window on a world
With a lovely view
From close up inside a single room
With an open book aside
Like you read in school
It's so easy, believe me
When you need fun I do anything to turn you on
Anything to turn you on
Is it raining in New York
On Fifth Avenue And off Broadway after dark
Love the lights don't you
I could walk you through the park
If you're feeling blue
Or whatever Spring Summer whenever
Winter through Fall
I'd do anything to turn you on
Anything to turn you on
I could leave you as you were
If I wanted to
