Mandrake Root

Deep Purple

We've got a Mandrake Root
It's some thunder in my brain
Yeah, I feed it to my babe
She thunders just the sameFood of love sets her flame
Ah, stick it upYeah, I've got the Mandrake Root
Baby's just the same
She still feels a quiver
She's still got the flameShe slows down, slows right down
I've got the power
