Spreading the Rage

Disbelief

addicted to life
prepared for the risk
not hiding themselvesshowing own faults
improving this state
longing for more
a pleasant harmony
RAGE - RAGE - RAGE - RAGElook in their faces
the glim in their eyes
powerful deeds
willing to act
silence made them sick
intending a change
step forward to win
this is their destinyRAGE - RAGEaddicted to life
prepared for the risk
not hiding themselves
in anonymity
showing own faults
improving this state
longing for more
a pleasant harmonyunselfish breed
preserving their youth
they are SPREADING THE RAGE
RAGE - RAGE - RAGEit's so intense
a matter of course
a trail of hope
exeptional stream
slamming the door
clear up the mess
the only way
to feed their common dreamunselfish breed
preserving their youth
they are SPREADING THE RAGE
unselfish breed
preserving their youth
they are SPREADING THE RAGE
RAGERAGE - RAGE - RAGE - RAGE
fuck you, fuck you, fuck you, fuck
you fuck you!
