

# Who Cares?

[Bill Charlap](#)

Moving on the evening of the 87th day  
Maybe a solution might affect you right away  
Jesus taught Himself, a certain state of mind  
Line 'em up, move 'em along, haven't got much time  
Who cares? No one's talking anyway  
Who cares? Won't the problem go away?  
Who cares? Change the channel, standard shift  
Who cares? Does anybody give a shit?  
Dimwits on the freeway stay alive at 55  
Politicians speeding, just trying to survive  
Couldn't stop the press, what was a bloody mess  
Mashin' down a paper sack and couldn't pass the test  
Who cares? No one's talking anyway  
Who cares? Won't the problem go away?  
Who cares? Change the channel, standard shift  
Who cares? Does anybody give a shit?
