

Smooth Sainin'

Leon Bridges

Over the horizon
She's smooth sailin'
These concrete seas
Now she's headed
East down the boulevards, the yards
Sugar
Said I like the way (Like the way)
Said I like the way (Like the way)
You sail your ship down
Let me be your cargo, I won't wear you down
No honey, I won't
Wear you down, I don't really know
Her destination
But I got a feeling I
Get to be your passenger
Sugar, let me be your passenger, Sugar
Said I like the way (Like the way)
Said I like the way (Like the way)
You sail your ship down
Let me be your cargo, I won't wear you down
No honey, I won't
Wear you down, she's smooth
Smooth sailin' (Smooth sailin' yeah)
She's smooth
Smooth, darling, sweet pretty baby
Won't you be my lady, oh
Sweet honey, darling
You know I'm calling
I want you, Sugar
Said I like the way (Like the way)
Said I like the way (Like the way)
You sail your ship down
Let me be your cargo, I won't wear you down
No honey, I won't
Wear you down, she's smooth
Smooth sailin' (Smooth sailin' yeah)
She's smooth, oh, darling, sweet pretty baby
Won't you be my lady, oh
Sweet honey, darling
You know I'm calling

I want you Sugar
Said I like the way (Like the way)
Said I like the way (Like the way)
You sail your ship down
Let me be your cargo I won't wear you down
No honey I won't wear you down
