Take Me

Hurray for the Riff Raff

You could take me cause it is so easy
You could take me cause it makes you happy
And then you throw me on the ground
Throw me on the ground
Throw me on the ground
Throw me on the groundYou could take me cause it is so easy
You could cut me down like an old tree
That's been taking up the sun
Taking up the sun
Taking up the sun
No good to anyoneYou could take me cause it is so easy
You could take me and then you can leave me
Yeah you turn my head around
Turn my head around
Turn my head around
Throw me on the ground
