

What a Feeling

One Direction

[Verse 1: Liam]

Through the wire, through the wire, through the wire
I'm watching her dance
Dress is catching the light
In her eyes, there's no lies, no lies
There's no question, she's not in a disguise[Refrain: Louis]
With no way out and a long way down
Everybody needs someone around
But I can't hold you too close now
Through the wire, through the wire[Chorus: All]
What a feeling to be right here beside you now
Holding you in my arms
When the air ran out and we both started running wild
The sky fell down
But you've got stars there in your eyes
And I've got something missing tonight
What a feeling to be a king beside you somehow
I wish I could be there now[Verse 2: Liam]
Through the wire, through the wire, through the wire
I'm watching you like this
Imagining you're mine
It's too late, it's too late, am I too late?
Tell me now, am I running out of time?[Refrain: Niall]
With no way out and a long way down
Everybody needs someone around
But I can't hold you too close now
Through the wire, through the wire[Chorus: All]
What a feeling to be right here beside you now
Holding you in my arms
When the air ran out and we both started running wild
The sky fell down
But you've got stars there in your eyes
And I've got something missing tonight
What a feeling to be a king beside you, somehow
I wish I could be there now[Bridge: Harry]
Whatever chains are holding you back
Holding you back, don't let 'em tie you down
Whatever chain is holding you back
Holding you back, tell me you believe in that[Chorus: All]

What a feeling to be right here beside you now
Holding you in my arms
When the air ran out and we both started running wild
The sky fell down
But you've got stars there in your eyes
And I've got something missing tonight
What a feeling to be a king beside you, somehow
I wish I could be there now
I wish I could be there now
