I Wonder

Luther Vandross

I stood in line at the corner store
And I heard these guys talk about this girl
Hey, who gives them love anytime they want, huh
Then they said your name and how you carry onYour chain of fools is so long
I thought our love was still on
And so, oh what a fool I've been
I thought I was your man and ohI wonder who's there loving you
No one does you the way I do
I wonder who, who's there loving you
And I really wonder who
(It's been so long)Since you've called me, yeah
(I thought our love was strong)
Just the way a love should be
(And now that you're gone)
I sit here and I wonderI've seen so many guys
Take one look into your eyes
And think they're in paradiseThere was less than love in the things that woman said
Now, I wonder who put ideas in her head
I'm still in shock 'cause when I went back there again
She'd changed her lock and said, sorry you can't come in
What a fool I've been lookout, I thought I was your man andI wonder who's there loving you
No one does you the way I do
I wonder who, who's there loving you
And I really wonder who
(It's been so long)Since you've called me, yeah
(I thought our love was strong)
Just the way a love should be
(And now that you've gone)
I sit here and wonderI've seen so many guys
Take that look into your eyes
And think they're in paradiseI wonder who's there loving you
No one does you the way I do
I wonder who, who's there loving you
And I really wonder who
(It's been so long)Since you've called me, yeah
(I thought our love was strong)
Just the way a love should be
(And now that you've gone)
I sit here and wonderI don't wanna be in love if you don't love me

And I love you so, I betcha that you don't know
And I wonder who, I wonder, I wonderAnd I wonder who that you got loving you
And I wonder why you're with some other guy
And I wonder who, I wonder, I wonderDon't wanna be a fool for no one, you see
And I want you so, I bet you don't even know
And I wonder who, I wonder, I wonder
