

Hey Joe

[Cher](#)

Hey Joe, where are you going
With that gun in your hand?
I said now
Hey Joe, where are you going
With that gun in your hand?
Going down to shoot my old lady
'Cause you know
I caught her messing around town
I'm going down to shoot my old lady
'Cause I caught her messing around
With another man
Hey Joe, I heard you shot your woman down
Shot her down
Hey I said, hey Joe, I heard you shot your woman down
Shot her down to the ground

Yes, I did, I shot her
'Cause I caught her messing around town
Hey Joe, I heard you shot your woman down
Shot her down
But I said, hey Joe, I heard you shot your woman down
Shot her down, shot her down
Yes, yes I did, I shot her
'Cause I caught her messing around town
Hey Joe, where you gonna run to now?
I said, I said, hey Joe where you gonna run to now
Where you gonna go?
Well Jig, I'm going down south way down to Mexico way
I said, I'm going down south, way down to Mexico way
