Reign Of Wolves

Spetsnaz

Take one step back, flex your muscles
Time for force, assembling the pack
We're back with bleeding knuckles
We're going in: BANG! BANG! BANG!
We're here to make a difference
To tell the world we won't back off
It's time, it's time for revenge
It's time for pain, the gloves are offHowl at the moon tonight
Tomorrow it's time to fightWe're in a state of war
This is the reign of wolvesHere we are at the front line
On the verge of something new
In awe of this grand design
Of the new world we pursue
Strong we stand united
To tell the world we won't back off
Sharp teeth, drooling excited
The time has come, the gloves are offHowl at the moon tonight
Tomorrow it's time to fightWe're in a state of war
This is the reign of wolvesHowl at the moon tonight
Tomorrow it's time to fightThis is the reign of wolves
We're in a state of war
