Drinking About My Baby

The Damned

i was yours and you were mine
we were together all the time
we had sun and happy days
living together in our lazy ways
chorus :
drinking about my baby
drinking about her all the time
drinking about my baby
drinking about her all the time
i was so happy to see you
you're so clever to find
i don't want to leave you
you're my special someone
repeat chorus
(solo)
i can see just where i am
sitting in a lonely bar
one armed bandits,friends of yours
keep asking where you are
drinking and thinking and drinking woh oh
repeat to fade
