

# American Nights

## Plain White T's

On these American nights  
That's when we all go out  
That's when we feel alive  
That's when the tops go down  
I break a dollar at the bar  
And make the jukebox sing  
So tell Rosie what you want  
The first round's on me  
We're gonna light up these streets baby  
Shake the dust off all your dreams baby  
We're gonna lose a little sleep baby  
On these American nights!  
Under the stars and stripes  
We live and die with our friends  
There's nothing we can't do  
As soon as that sun sets  
I'm gonna find me a girl  
I'm gonna try to make her laugh  
And when she gives me that look  
I'm gonna take her hand  
'Cause everything about her reminds me  
Of all the broken romance behind me  
I'm giving love another chance to find me  
On these American nights!  
Daylight please don't come up any higher  
Cause we've got main street lit up like a fire  
And nothing compares to breathing the air  
When I'm back in my hometown  
Someday my kids will run like I did  
On these streets and old playgrounds!  
I wanna drive all night  
Turn up the radio loud  
Left hand in the breeze  
I shut the whole world out  
So come and ride with me baby  
I'm saving you the front seat baby  
Feeling nothing but free baby  
On these American nights!  
ooooohhhhh oooooohhhhh  
ooooohhhhh oooooohhhhh  
On these American nights!
