

Because Of Your Love

[Kenny Chesney](#)

Baby I don't understand
How just the touch of your hand
Can make me feel invincible
Do you know just where you take me
Do you know how high you make me
I need your kiss like oxygen
With your arms warm around me
When your eyes look deep into me
Its unstoppable, baby anything is possible Everything I want to be
Any dream I want to dream I can
Because of your love
Anywhere I ever go
With all of my heart I know I am the man I am
Because of your love Don't know how I lived before you
Now I live to explore you
Take me girl to your secret world
Where I can swim in your deep blue passion
Or I could feel your love come crashing
Over me endlessly
Whether you're right by my side
Or whether you and I are a million miles apart
I can always feel you in my heart Oh baby
Because of your love
