

It's My Feeling

Del Shannon

I want you and you want me,
Together we'll have harmony and pleasure,
You will tell me all your pain,
And I will listen and explain whatever, No, no, no, no, no
I must be strong,
No, no, no, no, no,
I can't be wrong,
I can't be wrong,
It's my feeling,
It's my feeling,
And it means so much for me and you,
It's my feeling,
It's my feeling,
And it's there for me and you, Point your finger at the sky,
And when you will you'll see how high my love is,
Close your hand and count to ten,
And hold your breath and feel what I am feeling, No, no, no, no, no,
It's been too long,
No, no, no, no, no,
I wasn't wrong,
I wasn't wrong,
It's my feeling,
It's my feeling,
And it means so much for me and you,
It's my feeling,
It's my feeling,
And it's there for me and you,
It's my feeling,
It's my feeling,
And it means so much for me and you,
It's my feeling,
It's my feeling,
And it's there for me and you...
