

Blacking Out the Friction

Death Cab for Cutie

I don't mind the weather
I've got scarves and caps and sweaters
I've got long johns under slacks for blustery days I think that it's brainless to assume
That making changes to your window's view
Will give a new perspective And the hardest part is yet to come I don't mind restrictions
Or if you're blacking out the friction
It's just an escape it's overrated anyways
