

This Song (feat. Rostam)

[RAC](#)

I wanna know you're alright
But I don't wanna know too much
I had a dream last night
In it you were in a rush Sometimes I lie down on the floor
And I think I hear a sound
It might be coming from next door
But I don't wanna make it out
I don't wanna make it out
I don't wanna make it out We used to say this song
Made us feel some type of way
It used to make us both feel free
Underneath the covers
You would grab my hand
You'd say you'd never listen to it without me I wanna tell you I'm alright
But I don't wanna say too much
If you had the same dream last night
Well, I hope it don't keep you up Sometimes I lie down on the floor
And I think I hear a sound
It might be coming from next door
But I don't wanna make it out We used to say this song
Made us feel some type of way
It used to make us both feel free
Underneath the covers you would grab my hand
You'd say you'd never listen to it without me Now I can't hear it
Without feeling you're around
So I don't go out
And it don't bring me down
But sometimes when it rains
I think I hear you singing the refrain We used to say this song
Made us feel some type of way
It used to make us both feel free
Underneath the covers you would grab my hand
You'd say you'd never listen to it without me We used to say this song
Made us feel some type of way
It used to make us both feel free
Underneath the covers you would grab my hand
You'd say you'd never listen to it without me
