Come Into My Life

The Imperials

No this isn't easy
But I can't keep runnin' from Your love
I've been denying' way too long
That there's something deep inside me
That takes me down the road that leads me to Your door
I know that I belong there with You
My human nature would keep me far away
But God I really need You
I'm asking You to stay
Chorus:
Come into my life
Change this heart forever
Let my feel the healing' in Your touch
Take all my hurt away
Come into my life
I surrender all my feelings
You've got the love I've needed all along
Lord, I pray that You will
Come into my lifeOh I'm through pretending
That I've got everything a man could ever need
You know I'm tired of the lie
Yeah, I was so independent
But independence never calmed my soul at night
Now I close my eyes and peace consumes me
Your love has shown me
What it is I need to be
And when I least expect it
Love becomes more real
ChorusOh, I ran from You so long
Never could leave Your touch
You loved me day by day
Never leaving' a doubt
So, now I'm tired of this fight
And I need Your strength tonight
You see I've never been as ready as I am right nowChorus
