Innocent

Violet Indiana

I found your picture
Hidden in your drawer
You looked so innocent
And beautifulWere you just curious?
Were you just young and insecure?
Did it make you happy?
Did he make you feel secure?Was this a life
You don't remember anymore?
Did he kiss you gently?
Did he leave you wanting more?Before you ignore me
I'll show you who you are
Before you ignore me
I'll show you who you areI saw your faces
I know what you did before
You went to places
You don't go to anymoreYou try to hide it
But there's no secrets anymore
Did he kiss you sweetly?
Did he kiss away your fear?Before you ignore me
I'll show you who you are
Before you ignore me
I'll show you who you areBefore you ignore me
I'll show you who you are
Before you ignore me
I'll show you who you areBefore you ignore me
I'll show you who you are
Before you ignore me
I'll show you who you are
