

Double Up

C.L. Blast

Alright, now we got that out the way, let's double up!
It's your boyfriend, look here, we in the club!
An? you tryin? to decide whether you gon? leave with me
And you don?t know because you got your girl witchu
Bring ?er witchu, bring ?er witchu!
I got a place, she can stay at my crib, let?s go
Step up out the club with a dizzy head
I got two chicks both got dizzy legs
I?m ?bout to double up
You know I?m ?bout to double up
Hop off in that Phantom with the doors suicide
I got a freak in the front and a freak in the back
I?m ?bout to double up
An? you know I?m ?bout to double up, double up
I fall through the spot, Kell?s on the prowl
I see these honeys an? they dancin? all wild
All up on each other, winding, real freaky
I?m plottin' how I'm gonna take ?em home with me
Maybe your cousin, maybe your girlfriend
I just wanna get ?em both up outta here
Fast as I can on them dubs to the crib
Start off in my game room, pop a lil? bub
And have ?em dance for me like they danced in the club
Ooh, they so freaky an' both of ?em want me
Shots of tequila, puff some dro and now they ready
Her girl holla out, ?We?re best friends!?
And then I holla out, ?Y?all look like twins!
Ain?t no competition, y?all a couple of tens!?
And then they say, ?Kells, tell us what you wan? do?
?We?ll I?m about to double up with you and you?
Step up out the club with a dizzy head
I got two chicks both got dizzy legs
I?m ?bout to double up
(One on each arm)
You know I?m ?bout to double up
(I keep one on each arm)
Hop off in that Phantom with the doors suicide
I got a freak in the front and a freak in the back
I?m ?bout to double up

(One on each arm)

An? you know I?m ?bout to double up, double up

(I keep one on each arm)

Pimpin? don?t stop when I walk up in the club

See a girl with a girl I?m tryna get a group hug

Get ?em to the hotel, get some hookah

Her, her, me, man I just can?t get enough

All up in my tub, suddy, poppin? bub

"Who is she to you?" and she reply, ?First cuz?

Man, I could tell they so naughty, naughty

They way they took me down like a 40, 40

One in the bed an? one in the chair

One massage my toes while one braid my hair

In the Prada spotlight two o? these player

In the car lot like two o? these player

Haters sayin?, ?Damn! How he doin? this player??

Doublin? up for me is like routine player

I?ma go get ?em, mix ?em up like I'm a dealer

Man, three?s company, bitch call me Jack Tripper

Step up out the club with a dizzy head

I got two chicks both got dizzy legs

I?m ?bout to double up

(One on each arm)

You know I?m ?bout to double up

(I keep one on each arm)

Hop off in that Phantom with the doors suicide

I got a freak in the front and a freak in the back

I?m ?bout to double up

(One on each arm)

An? you know I?m ?bout to double up, double up

(I keep one on each arm)

I?m back up in the VIP in a cloud of smoke

Beat poundin' surrounded by all my folks

?Gimme another shot, damn the music loud?

I?m about to mix up and blend in in the crowd

Rip, slip, slide by the danceflo?

Baby grab me by my hand, say she wanna dance, oh, oh

Is that your girlfriend peepin? me out?

Sho? nuff, it must be ?cause now she freakin? me out

She get behind a nigga, grindin? on a nigger

Touchin? on me, whisperin? in my ears, damn it sound lovely

I?m infatuated, we evacuated, now we at the crib bitch

Two for the money that?s the life I live

Kiss me, kiss her, now kiss each other

It?s a trip the way I make these chicks twist each other

Take your shirt off, now I?ma take hers off too
It?s double or nuttin? baby, that?s how the boss do
Step up out the club with a dizzy head
I got two chicks both got dizzy legs
I?m ?bout to double up
(One on each arm)
You know I?m ?bout to double up
(I keep one on each arm)
Hop off in that Phantom with the doors suicide
I got a freak in the front and a freak in the back
I?m ?bout to double up
(One on each arm)
An? you know I?m ?bout to double up, double up
(I keep one on each arm)
How ?bout that? Snoop Dogg and Kells
We lead the league in this here man, know what I?m talkin? ?bout?
That?s 40 toes man, add that up, 40 toes
That?s like 20 points and 20 rebounds, that?s a double double
We double up like that man, me and West Connec
You know what it is, holla back
Uncle Junebug, what up my nigga?
I see you Reese, sittin' there all starin? an? shit
Nigga, I?m about to go work out too
