

Jam (Forever) [feat. Alex Tork]

Ian Guerin

Ten past three in the death of the night & I can't go to sleep
Still looking for a thrill,
& thinking 'bout the things that make my mind spin & spin

I can hear the rain, crashing in my window
While waiting for the sun to rise
I see your picture
I pop an inbox
& boom time starts to fly

We're having fun, babe
We're having fun
Hours turn to days, babe
Days turn to months

Whatsapps at dawn
All day long & to say good night
What? What? What? If we fell in love
I think it's 'bout time

Shorty, pop this jam, pop this jam, pop this jam
Shorty, pop this jam, pop this jam, pop this jam
Shorty, hold my hand, hold my hand, hold my hand
This our jam, it's our jam, it's our jam

(X3)
Jam, jam
Love & jam
Jam, jam
Pop this jam

Jam, jam, jam
Make it pop now

No one ever finds true love if they don't give it a chance
No risk, no win, if we settle for less, we will never feel alive

First time I saw you I turned my head like 'who the F was that?'•
Like Wow!
Look at that!

Whatâ€¢s new?

Why?

How?

Wanna know you now

New love of my life

We, we, we, well

Let me introduce myself

I am a sinner

I be in the music business

I work hard to make a living

Donâ€¢t like taking, I like giving

Showing my people that I mean it

When I say that I do love emâ€¢

When I say I got them covered

Makinâ€¢ sure that they donâ€¢t worry

Donâ€¢t like going to the movies

Rather have a cup of coffee

In your presence itâ€¢s a blessing

Cause I like you & I love you

& I think

We should get together

(X2)

Shorty, pop this jam, pop this jam, pop this jam

Shorty, pop this jam, pop this jam, pop this jam

Shorty, hold my hand, hold my hand, hold my hand

This our jam, itâ€¢s our jam, itâ€¢s our jam

(X3)

Jam, jam

Love & jam

Jam, jam

Pop this jam

Jam, jam, jam

Make it pop now

Sign on the line & seal it with a kiss

I want to love you now, tomorrow & the mornings after

All my life

Night after night

The one after that & all the midnights

Cause I love it girl

When you wear my shirt

On top of your bikini, so revealing girl
Cause the love we share
It can't be compared
All you people if you feel me help me say...
