Different

Cass Elliot

When I was smaller and people were taller
I realized that I was different
I had a power that set me apart

I learned to take it and used it to make it
It's not so bad to be different
To do your own thing and do it with heart

Different is hard
Different is lonely
Different is trouble for you only
Different is heartache
Different is pain
But I'd rather be different then be the same

At first I'd wonder what hex I was under
what did i do to be so different
then I discovered some others like me

Wonder no longer, together we're stronger
It's not so bad to be different
Be true to yourself, that is what you must be

Different is hard
Different is lonely
Different is trouble for you only
Different is heartache
Different is pain
But I'd rather be different then be the same

Different is hard
Different is lonely
Different is trouble for you only
Different is heartache
Different is pain
But I'd rather be different then be the same
