

Something's Missing

Vince Gill

The street looks different tonight
Something has changed
I had this picture in mind
But it's just not the same
Had this great expectation
About a heart that's free
I thought that's what I wanted
Would be waiting for me [Chorus]
Baby something's missing tonight
Something ain't feeling right
Baby something's wrong and I'm so confused
Baby something's missing inside
Something I can't find in the night
I finally realized what I'm missing is you
In this crowd of old friends
Why do I feel alone
I thought I'd fall back in step
This is where I belong
I thought that freedom was a voice
Calling from the dark
Now I see I was only free
When you were in my heart [Chorus]
I thought that freedom was a voice
Calling from the dark
Now I see I was only free
When you were in my heart [Chorus]
