

# Bet on Me (feat. Too \$hort)

## Ana Lou

Baby, I'm the gamble of your life.  
Why you always gotta think twice?  
We could go at it all night.  
Til the morn, til you can't e'en go no more.

You like it,  
Don't even deny it.  
Swerve on it,  
Grippin like you ridin.  
Don't lie, you  
Got me and you know it.  
Got the nice comin,  
Lets roll.

Don't think, find out,  
You might get lucky with me.  
Come see, find out,  
So put your money on me.  
Bet on me, on me.  
You can bet on me, on me.  
You can bet on me.

Tell me why you watchin.  
Smokin Js with Beyonce,  
Pull up in a Gotte,  
All my girls in the valet.  
And I know that you're ready.  
Call me, I know that you're ready.  
And the light so low, you can see me.  
Got your eyes glued on like a TV.

Know you like showin me off, oh yeah.  
Talkin bout me to all your friends.  
Everything I do, all eyes on me.  
Come with your posse but leave with me.

Don't think, find out,  
You might get lucky with me.  
Come see, find out,  
So put your money on me.

Bet on me, on me.  
You can bet on me, on me.  
You can bet on me.

[Too \$hort's Verse]  
Nah man, you can't touch her.  
Me? I'm a lucky motherfucker.  
I put mine on the baddest bitch,  
And I won,  
Nigga you can have them chips.  
She's a dancer, gettin racks.  
Got her shaken all that in my lap.  
But most of these hoes ain't worth it,  
I fuck with lil mama cause she's perfect.  
Make her smile, she be doin what you like.  
Have you tellin everybody,  
"That's my new wife."  
Hell yeah, I'm fin to keep her.  
When I walked in, I didn't even see her.  
Lookin around, and look what I found.  
A super top, now she hella down.  
I couldn't let her get away,  
Cause I saved the day.  
Now everything's a-okay,  
I'm the winner.

Don't think, find out,  
You might get lucky with me.  
Come see, find out,  
So put your money on me.  
Bet on me, on me.  
You can bet on me, on me.  
You can bet on me.
