Red Carpet (pause, Flash)

R Kelly

Uh yeah yeah yeah check one two
It's the Piper AKA Kellz I'm in the building right now
And I'm looking for nothing but steppers tell me where the steppers are
So get on the dance floor and come on
I feel good I mean, I don't mean to brag, but
Custom green suit, apple gators hundred thousand on my wrist
Pinky shining, could be diamond white TL linen outfits
Jump out styling ladies smiling Paparazzis everywhere
Hummer, stretches Limo, Lexus pull up while people stop and stare
The whole scene looks like we're all on TV
Sometimes life can be like a dream
When you're living on the big screen
Fancy cars, movie stars, red carpets and big applause
Limousines and search lights, this is how we gonna do it tonight, so
Pause, flash, pause, flash, pause, flash, pause, flash
You and your partner are so so clean so take a picture for the memory
Pause, flash, pause, flash, pause, flash, pause, flash
Ooh I wanna go stepping now step down tension about to climb
All I need is my partner we go together like a hand in glove
Oh DJ put the record on picture it's my favorite song
Step in the name of love one more time
Step in the name of love yeah
The whole scene looks like we all on TV
Sometimes life can be like a dream
When you're living on the big screen
Fancy cars, movie stars, red carpets and big applause
Limousines and search lights this is how we gonna do it tonight, so
Pause, flash, pause, flash, pause, flash, pause, flash
You and your partner are so so clean so take a picture for the memory
Pause, flash, pause, flash, pause, flash, pause, flash
You know us
You know us, you know how we like
To dress up and go out and go out and hit the club
I'm not leaving here until I take me a picture
Camera man, just wait till I'm ready, oh yeah
And you can take a pic on three y'all, one, two, three, say cheese
Pause, flash, pause, flash, pause, flash, pause, flash
Pause, flash, pause, flash, pause, flash, pause, flash
Fancy cars, movie stars, red carpets and big applause

Limousines and search lights this is how we gonna do it tonight, so
Pause, flash, pause, flash, pause, flash, pause, flash
You and your partner are so so clean so take a picture for the memory
Pause, flash, pause, flash, pause, flash, pause, flash
Fancy cars, movie stars, red carpets and big applause
Limousines and search lights this is how we gonna do it tonight, so
Pause, flash, pause, flash, pause, flash, pause, flash
You and your partner are so so clean so take a picture for the memory
Pause, flash, pause, flash, pause, flash, pause, flash
