

# Island in the Stream (Remastered)

## Fates Warning

Have you stood at the edge of the world  
Where the sea and sky collide  
And looked out to a distant horizon  
And dreamed of drifting away  
Have you stood beneath a troubled sky  
And watched the dark clouds gathering  
Closed your eyes to the threatening tide  
And woke to another day  
Feel the cold winds all around you  
Let the night circle and surround you  
Breathe deep the darkness that drowns you  
Let your imagination take you  
To where your sleepless mind rests  
To where your thoughts all run free  
To your island in the stream  
Where you can dream at the edge of the world
