

Smash Your Heart

Cat Stevens

You cut me deep
But now I'm gonna see you weep, yeah
This broken man
Is gonna do the best he can, yeah
I'll see you pay, before I give you my heart
Baby, I'll do without, there'll come a day
When I'll smash your heart and then turn away
You played with me like a toy and a little baby
After I broke you just didn't want to know, yeah
I'll see you pay, before I give you my heart

Baby I'll do without, there'll come a day
When I'll smash your heart and then turn away
My time will come
And you'll know when it's begun, yeah
You'll know because
You're gonna be just where I was, yeah
I'll see you pay, before I give you my heart
Baby, I'll do without, there'll come a day
When I'll smash your heart and then turn away
