Happy Now

Die Happy

.
put me up
draw a letter on my skin
with your blood
scream it out loud
there is so much to laugh about
show me to everyone
with your finger pointing at my shame
make some stories up
I am the witch that you blameB:
all the misery you feel
you pass on to meCH:
HAPPY NOW
I AM DOWN ON THE GROUND
HAPPY NOW
LIKE YOU WANTEDII.
beat me up
throw your rude insults against my face
you're so sure
I am the worse piece of this human race
love can't be forced as you know
your thought of revenge makes you blind
you wish me hell on earth
all those bad things are on your mindB:
all the misery you feel
you pass on to meCH2:
IN YOUR PAIN YOU BLAME ME
LET ME GO AND FORGET.....FORGET.....ME
