

Yes It's Christmas

Bebe Winans

I can't quite understand
The feeling that fills this land
Everyone knows, both young and old
To the season to lend a hand
December, the time it's called
Noticed them most of all
I don't know why, the Fourth of July
Waiting for snow to fall
Yes it's Christmas
My favorite time of year
All of the joy you dreamed
Love in the atmosphere, atmosphere
Yes it's Christmas
My favorite songs to sing
Birth of a newborn King
Welcome the peace He brings
Parents without a sign
No children have on their minds
A time to think twice
Have I been nice
Or a mum leave the past behind
Romance now fills the air
A good time has been prepared
I can hardly wait, what's coming looks great
For the joy and the laughs we share
Yes it's Christmas
My favorite time of year
All of the joy you dreamed
Love in the atmosphere, oh, atmosphere
Yes it's Christmas
My favorite songs to sing
Birth of a newborn King
Welcome the peace He brings
Oh, Merry Christmas
From me to you
Merry Christmas
May all your dreams come true
Merry Christmas to all
To all, this year

Merry Christmas
Merry Merry Christmas
Merry Christmas
From my heart to yours
Merry Christmas to all, this year
Yes it's Christmas
Oh, yes it's Christmas
My favorite time of year
All of the joy you dreamed
Love in the atmosphere, oh, the atmosphere
Yes it's Christmas
My favorite songs to sing
Birth of a newborn King
Welcome the peace He brings
Merry Christmas to all, this year
Merry Christmas
