## Van Halen

The love line is never straight and narrow  
Unless your love is tried and true  
We take a chance with new beginnings  
Still we try, win or lose, take the highs with the blues Always one more, you're never satisfied  
It's never one for all with you, it's only one for me  
Oh, why draw the line? And meet you half the way?  
When you don't know what that means, oh, yeah I feel like a running politician  
Oh! Just tryin' to please you all the time  
I've given you my self with no conditions  
Goin' wide, runnin' wrong, feelin' lost but not for long Always one more, you're never satisfied  
It's never one for all with you, it's only one for me  
So, why draw the line? And meet you half the way?  
When you don't know what that means, whoa, yeah Always one more, you're never satisfied  
It's never one for all with you, it's only one for me  
So, why draw the line? And meet you half the way?  
When you don't know what that means. I'll meet you half the way, whoa yeah  
I'll meet you half the way, whoa  
I'll meet you half the way
