On The Balcony

Rainbirds

Got these many eyes to see with
And so many ways to be
Many small words to get lost in
And I think it's quite surpising
That you can hear me when I speak
That you have found the love I seek
You say your puzzle is complete
You close the door, you turn the key
Life your life on the balconyLife your life on the balcony
Life your life on the balcony
Life your life on the balcony
See, the curtain opens slowly
And the movie is in colour
And there is nothing much to worry
Good-bye, good-bye, good-byeYou've got these many eyes to see with
And so many ways to be
Many small words to get lost in
And I think it's quite surpising
That you can hear me when I speak
That you have found the love I seek
You say your puzzle is complete
You close the door, you turn the key
Life your life on the balconyLife your life on the balcony
Life your life on the balcony
Life your life on the balcony
See, the curtain opens slowly
And the movie is in colour
And there is nothing much to worry
